**Year One Homework Project - Autumn Term**

Dear Families,

Our history topic this term is **'Toys, Then and Now'.** We will be learning about the toys children had long ago and the games they used to play.

For homework this term, we would love it if you could work with your child to find out about **a toy or a game** from the past. Perhaps you could ask an elderly friend or relative to share their memories with you. Toys and games have changed so much over recent decades. Are today's toys better or did our parents have the best toys? Have any toys/games stayed the same? What is the impact of the changes we've seen? It would be great if you could also discuss our BIG QUESTION - Can my toys save the world? What needs to change?

You might choose to make a poster together, take photos of you playing the game, record an interview or, maybe, create a mini model of your chosen toy or idea.

Whatever you choose, all we ask is that it is linked to our learning about toys in the past in some way and has a short description telling us about your project. To allow us to display your project in school, models will need to fit inside an average shoebox sized space.

We hope you have lots of fun and look forward to seeing your projects by Friday 2nd October.

Best wishes,

Ms Green
