Term 3 Homework Project

Dear Families,

As you know, our topic this term is **'Whatever The Weather'**. We will be learning about the contrasting climates and physical features of Europe, Africa, Antarctica, Asia and Australia. But there just isn't enough time to explore all seven continents!

For homework this term, we would love it if you could work with your child to find out about **either North or South America.**

You might choose to make a poster together, or maybe a mini model of a habitat found within your chosen continent. You may prefer to write a report or poem, or make an animal mask or collage.

Whatever you choose, all we ask is that it is linked to our learning about weather and climate in some way and has a short description telling us what you found out.

We hope you have lots of fun and look forward to seeing your projects by **Friday 13th February.**

Thank you in advance,

Ms Green
